

# **SPECIAL BULLETIN COVID-19 #226: Permanent Changes Made for Public Health Emergency Flexibilities and Plan for Sunsetting of Temporary Policies**

*Certain COVID-19 Flexibilities implemented by NC Medicaid under State Authority will be end-dated as of March 31, 2022*

Based on the NC State of Emergency established through [Executive Order \(EO\) 116](#), NC Medicaid implemented temporary changes to clinical policy to support providers and beneficiaries during the COVID-19 State of Emergency. Policy changes were announced by bulletin which indicated that certain flexibilities would end at the earlier of the cancellation of the North Carolina State of Emergency or when the policy modification was rescinded by NC Medicaid.

NC Medicaid has evaluated data from the use of COVID-19 public health emergency (PHE) flexibilities implemented during the state's pandemic response as well as considered stakeholder feedback over the past two years of these flexibilities. Based on this review, many of the policy flexibilities implemented during the NC State of Emergency and federal PHE have been made into permanent NC Medicaid Clinical Coverage. NC Medicaid added these flexibilities because they have been shown to be beneficial for both providers and members and additionally, they improve the access and/or quality of care provided to NC Medicaid beneficiaries.

NC Medicaid is choosing *not* to add certain temporary flexibilities into permanent policy based on several factors including:

- The flexibility was not used by the field broadly (or NC Medicaid did not have evidence that a given flexibility was used by the field).
- NC Medicaid does not have the authority to keep the flexibility outside of the COVID-19 PHE.
- The flexibility was evaluated through feedback from a multidisciplinary stakeholder group, and it was determined that certain flexibilities did not strengthen and/or add to the NC Medicaid program from a quality, cost and/or safety perspective.

NC Medicaid continues to be committed to providing as much advance notice as possible to the provider community as temporary COVID-19 flexibilities end. While the NC State of Emergency has not been rescinded, NC Medicaid has decided to rescind some of the temporary COVID-19 flexibilities, effective April 1, 2022. Please see the [detailed PDF of this bulletin](#) for more information on which flexibilities will be sunsetting as of March 31, 2022.

Many Clinical Policy provisions were enacted to support the COVID-19 response and do not require new federal authorities. These changes are in the process of becoming permanent policy and NC Medicaid is seeking federal authority where appropriate. For permanent policy changes to the Medicaid program, NC Medicaid will post changes publicly. All stakeholders are encouraged to provide feedback. Temporary flexibilities tied directly to the federal public health emergency remain in effect until the termination.

At the time of this bulletin, the federal PHE is still in effect. Please refer to the federal [Public Health Emergency website](#) for more information and updates.

To support providers and the NC Medicaid community, the NC Medicaid team has pulled together a comprehensive list of all the clinical policy flexibilities. You can find information about:

- Flexibilities that have been or are being incorporated into permanent policy.
- Temporary Flexibilities that will end on April 1, 2022 (i.e., sunseting on March 31, 2022).
- Temporary Flexibilities that will end at the end of the federal PHE.

Please find that information in the document below for your reference.

All temporary Community Alternatives Program for Children and Disabled Adults (CAP/C and CAP/DA) Policy flexibilities outlined in [Medicaid Bulletin #143](#) and [#22](#) have **not** been made permanent for the CAP waiver programs by this publication. A waiver amendment and policy revision are in progress.

All temporary Community Alternatives Program for Children and Disabled Adults (CAP/C and CAP/DA) flexibilities that have not been made permanent that were listed in the special bulletins will be end-dated within six months after the end of the federal PHE.

Please see the below table with a summary of the flexibilities which were made permanent and/or will end effective March 31, 2022, or at/after the end of the federal PHE:

Community Alternatives Programs for Children and Disabled Adults Provision	Made into Permanent Policy	Sunsetting March 31, 2022	Ending at/after Federal PHE	Comments
<b>Waiver cost limits.</b> Service and utilization limits may be exceeded when determined service needs are directly related to PHE.	X			
<b>Retroactive approval dates.</b> Allows retroactive approval dates to the effective date of the Appendix K when services are needed and the waiver beneficiary, caregiver or provider is impacted by COVID-19 and cannot complete the service plan within up to 30 calendar days of the request.	X			The CAP Clinical Coverage policies (3K-1 and 3K-2) have a retroactive approval process in place. However, the COVID flexibilities, permit the service plan to be approved without a signature within up to 30 calendar days of the request.
<b>Purchase Order.</b> The coverage of a one-time purchase order process for each approved service to promote an on-demand quick procurement when the goods and service items listed in the Appendix K are readily available in retail.	--			<i>This is in review for permanent placement in policy 3K-1 and 3K-2.</i>
<b>Participant goods and services.</b> Covers disinfectant wipes, hand sanitizer and disinfectant spray for certified nursing assistants or personal assistants who can continue to render in-home, pediatric and/or nurse care to a waiver participant. Covers cloth face mask, smart devices, facial tissue, thermometer, and specific colored trash liners to distinguish dirty linen of infected household member(s) to prevent spread. Also, coverage includes non-medical transportation to Adult Day Health programs when transportation is needed and not available through the Adult Day Health program.	--			<i>This is in review for permanent placement in policy, 3K-1 and 3K-2.</i>

<b>Community Alternatives Programs for Children and Disabled Adults Provision</b>	<b>Made into Permanent Policy</b>	<b>Sunsetting March 31, 2022</b>	<b>Ending at/after Federal PHE</b>	<b>Comments</b>
<b>Training/Education/Consultative Services.</b> Covers training for the paid worker on the use of personal protective equipment (PPE) and other identified training needs specific to the care needs of waiver participants to prevent the spread of COVID-19.	--			<i>This is in review for permanent placement in policy, 3K-1 and 3K-2.</i>
<b>Community transition.</b> Covers a less than 90-day institutionalized Medicaid beneficiary experiencing COVID-19 symptoms who can safely transition to home and community-based placement using HCBS services.	--			<i>This is in review for permanent placement in policy, 3K-1 and 3K-2.</i>
<b>Meals.</b> Covers one lunch meal per day for aged and disabled adults participating in CAP/DA who are approved to receive meal preparation and delivery and their meal delivery services are suspended due to COVID-19. This service may cover one food delivery meal (e.g., Uber Eats, DoorDash, Grub Hub, frozen meal, or similar service) per day.	--			<i>This is in review for permanent placement in policy, 3K-1 and 3K-2.</i>
<b>Home accessibility and adaptation.</b> Covers germicidal air filters.	--			<i>This is in review for permanent placement in policy, 3K-1 and 3K-2.</i>
<b>Case management.</b> Cover quarterly telephonic contact with waiver participant and quarterly telephonic contact with service providers to monitor COVID-19 service plan, other essential case management needs and initial and annual telephonic assessments of level of care and reasonable indication of need.			X	Two face-to-face quarterly contacts will be required after the transition from the Appendix K flexibility.
<b>In-home care, pediatric nurse aide, personal care assistance and congregate care.</b> Services are not required to be used on a monthly basis. Services approved in the service plan may be rendered in various amounts, frequencies, durations, and settings, but no less than what has been approved in the service plan. Covers payment to in-home care, pediatric nurse aide, personal care assistance and congregate care to a non-live-in close relative or legally responsible person for waiver participant whose hired worker is not able to render the service because of impact from COVID-19.			X	

<b>Community Alternatives Programs for Children and Disabled Adults Provision</b>	<b>Made into Permanent Policy</b>	<b>Sunsetting March 31, 2022</b>	<b>Ending at/after Federal PHE</b>	<b>Comments</b>
<b>Reassessment of need.</b> Allows extended date for annual reassessment of need (or level of care [LOC]) when the assessment cannot be conducted due to the waiver beneficiary, caregiver or provider being directly impacted by COVID-19. Permits the waiving of the annual LOC assessment to maintain continuous enrollment in the waiver through the duration of the public health emergency.			X	
<b>Retainer payments.</b> Allows the authorization of retainer payments to a direct worker in the amount, frequency and duration as listed on the currently approved service plan when a waiver participant or hired worker is directly impacted by COVID-19.			X
