" L I V I N G T H E P R O M I S E "

SEPTEMBER 2022

MESSAGE FROM THE OWNER- PAUL PETERS

As school begins and we finish up summer, we enter a new season of life. Do not allow the changes in seasons or in life to frighten you. By nature we don't like change, but built within the very four seasons (Spring, summer, Fall and Winter) is a requirement that we must change, even though we may not like it. As a father who adores his children and still desires to throw them up in the air, that is not possible as they are too heavy now. If I wanted to let my kids grow up to be all that God had intended them to be I had to allow them to grow up. Really, I had no choice, but by embracing that change I was able to encourage them through the transitions and best prepare them for what was ahead. As two of them are in college and recently returning from an amazing trip to Europe with them, I realized I went from Father to Friend. I will always be their dad but now we are more like friends, which allows me to continue support, encourage and love. Because change is a part of life if we allow ourselves to adapt to the changes we can grow and be better for it. In the human services field change is constant. I have been around long enough to see more changes at the state level than I have space for to document. With the onset of tailored and standard plan coming this December we will be forced to accept the changes. When we are forced to accept change like the changing seasons we can resist and suffer or accept and grow. We at Covenant, are driven with a mission to serve our families as they desire to be served. We fully know that we will rely heavily upon each other to get through the adjustment period and come through much better than before. We have strategically positioned ourselves to be in every Managed Care Organization to best serve our families. We have also put in an application with the state to be a Care Management company much like your MCO's serve in that capacity. You will now have a choice of who you can have manage your son or daughters' services. We will keep you updated on the process as we go through the review. I am also excited to announce we have recently hired on a "Care Caller" Cecil. Her role will be to provide the Care and Love we seek to give to each of our families. She will not be replacing any of your team members but will have that extra care we all need to make you feel appreciated, supported, and heard. She will be ensuring your needs are met, and that you and your children are celebrated and honored. As always thank you for trusting us and allowing us to dream together to bring you and your child's dreams to reality.

Jennifer Harris

Jennifer Harris – Does an amazing job with helping her son Matthew. I went to visit them at Matthew’s summer job on Morrow Mountain where he works at the docks renting out kayaks and paddle boats. Jennifer has been out at the docks all summer helping Matthew (who does an absolutely amazing job). Matthew LOVES his job there and he is thinking about making it a career move for himself after he finishes school. He wants to become an ‘interpretive park ranger’ and teach people about nature and wildlife. Jennifer has gone above and beyond in making sure that Matthew makes it to his job and assist him in any way that he may need.

Dominique has been a rock star coming into this position and helping me get things straight. She communicates well with staff and is a great advocate for her client. She is a team player and will step up no matter what. She is hands on with the client advocating for her rights and needs. She has been my saving grace, I can't thank her enough for all the help/support she has done for not only me but her coworkers and her client. - Jaquelyn

Why choose CARF? CARF accreditation is a seal of approval announcing to persons served and their families that you provide services focused on their needs. It is a sign of assurance to third-party payors and governmental regulators that you have met internationally recognized standards, and it is a tool for quality improvement within your organization.

The value of accreditation is more than a certificate hanging on the wall. It is evidence that your organization strives to improve efficiency, fiscal health, and service delivery—creating a foundation for consumer satisfaction. Organizations that have participated in an accreditation survey demonstrate:

1. A higher degree of internal quality.
2. Greater involvement of persons served in their services.
3. Increased cohesion among staff members at all levels within the organization.
4. Enhanced status of the surveyed services within the community.
